BRADWAY'S DISPATCH

The information and identification within these selections is the individual work of the Farrell Collection. It is always recommended to consult multiple sources for additional information or opinions. Local post company descriptions are based on information available at the time of writing. Descriptions in the Farrell Collection were written based on personal research and sources including, but not limited to: Articles in the Carriers and Locals Society's The Penny Post; Amos Media's Scott Catalogue; Patton's The Private Local Post of the United States; Springer's Handbook of North American Cinderella Stamps; Lyons' Identifier for Carriers, Locals, Fakes Forgeries and Bogus Posts of the United States; articles in the USPS's The Chronicle; Mosher's Catalog of Private Express Labels and Stamps; The Eastern Independent Mail Company Study Group's Eastern Independent Mail Companies and Express Mail Companies 1840-1845; Elliot Perry's Pat Paragraphs; James N. Drummond's Catalog of Philatelic Miscellany; and the notes of George Sloane and Gordon Stimmell.

Colors listed for stamps and forgeries are the opinions of the Farrell Collection based on viewing physical copies of the pieces under consistent lighting. Colors in the .pdfs may be slightly inaccurate due to manipulations from the scanning process, computer monitor settings, or (in event that the files are printed for offline viewing) the printing process.

Unless otherwise noted, stamps are identified by their Scott Catalogue numbers and forgeries are identified by their Lyons Identifier type. Scott numbers in parenthesis under listed forgeries represent approximately what stamp the forgery is attempting to imitate.

BRADWAY'S DISPATCH

There are no known forgeries of the original design, but S. Allan Taylor did design two bogus stamps carrying the "Bradway's Dispatch" name. Both bogus stamps are very similar to each other, but there are a few key identifiers to differentiate the two. The "S" in "BRADWAY'S" is round in the first bogus, while it is much more squarish in the second bogus. Additionally, the big numeral "1" is thinner in the second design.
