

# COLE'S CITY POST

This small pink label claims to be a 3¢ stamp for Cole's City Post in Charleston, South Carolina. Although philatelists have tried to prove the legitimacy of this post, there is no evidence that it ever existed. It is considered a bogus.

**BOGUS  
3¢ BLACK  
ON LIGHT PINK**

The stamp is a square design with the bust of a messenger in a winged helmet in the center. It is believed that the stamps were produced sometime prior to 1875.

This is a rare bogus stamp. Three examples are currently known to the author.
